Information for magazine door replacement

Date: _____

Client: _____

Address: _____

tel.: _____

fax: _____

Att.: _____

Installation place: _____

tel.: _____

att.: _____

Type of magazine: 1 (reinforced concrete block) or 4 (metal plate)

Serial number: # _____ S.Q.# (if you have one): _____

Magazine dimensions: _____' (side where the door is located) x _____' x _____' high

Width of the door wanted: _____

Width of the existent door: _____

Side of the hinges (from outside): left or right or no matter Lock (s): 1 or 2

Exact height of the magazine near the door (without skids): _____

Height between the ground and the base of the magazine: _____ at least 12''

Attendant balcony: yes or no

Concrete floor: yes or no

Date of the installation wanted: _____

When a date is fixed for the installation:

- Allow 2 or 3 days of work
- Be sure that the magazine is empty and decontaminated before the employee's arrival
- Provide a supervision of 12 hours after the work is done to avoid any risk of fire; it is your responsibility to put back the explosives in a safe place.

Each door unit comes with 2 sets of key, a grease-oil and a maintenance guide.

Piece and labour are guaranteed for one (1) year against any manufacturing defect at our shop at St-Joseph-du-Lac, Qc, **only if installation is done by our technicians.**

Not covered by the warranty:

- *Travelling fees
- *Adjustment or repair due to moving ground, weather condition, accident or abusive use, etc.
- *The lost and cost due to the wrong purpose of the mechanism.

Any modification done to the magazine and/or mechanism will cancel the warranty.
