

# PROTEXPLO

**PROTEXPLO** is a Canadian company specialized in safe and secure storage of explosives. Our experts can respond quickly to your needs while ensuring regulations are respected. With facilities both in eastern and western Canada, we can guarantee effective response to safe explosive storage and transportation products. Since 1975, our products and services are approved by Natural Resources Canada. **EXPLOSIVES SECURITY IS OUR BUSINESS.**

## TRANSPORT BOXES

Our robust boxes are used in a wide range of contexts and environments; from small construction sites to remote mines in Northern regions. Custom configuration, dimension and accessories

## MAGAZINES

Protexplo is an authorized manufacturer of magazines of all sizes ranging from 3'x3'x3' to 60'x24'x8.5'. On-call repair and maintenance service.

## LOCK UPGRADES

Service across Canada to upgrade locks to CAN/BNQ 2910-500 (2015) standards as required by Natural Resources Canada.

Deadline: July 31, 2026

**PROTEXPLO.CA**

## MINI-MAGAZINES

Portable and efficient, mini magazines can safely store small quantities of explosives with available armotex bullet proof. Wide variety of use; explosives disposal units (EDU), tactical units, canine units (K9), laboratories, etc.

## MAGAZINE RAMPS

The pivoting loading ramps are ergonomic and allow the use of a pallet jack despite the presence of the door stop on the sill plate. Capacity 5000 lbs.

## LOADING DOCKS

For a highly secure environment, the loading docks allow you to add a leveler for loading and unloading explosives. They can be adjusted according to the movements of the ground thanks to the hinge system.

## LOCKSMITH

Protexplo is an authorized distributor of Abloy products.

## ABLOY
